Attached are pages to be inserted into the Office of Logistics Emergency Procedures Manual in place of the ones presently in the manual. Please be sure to replace only the pages for which an updated page is being forwarded to you. They are identified by Tab color or number in the top left-hand corner of each page.

RECD is presently updating the information on the outlying buildings (Green Tab for each building). The Office of Security has been requested to update their portions of the pages under the Green Tabs. When these are received, copies will be sent to you for inclusion in your manual.

Please review the information in the Emergency Procedures Manual and send any corrections/additions to me as soon as possible.

Marie
